PLEASE SPECIFY YOUR ERASMUS STUDENT'S STATUS, home University, degree course and period of stay (from/to), at least 3 months before the arrival.

After this deadline the accommodation is not guaranteed.

Apart from the Collegio, IVARESE02 does not provide accommodation, you need to search for an accommodation independently.

Varese is a very little town, but we suggest you to choose your first accommodation not far from the centre of the city (where are located the two railways stations, Trenitalia and TreNord, and all bus stops).

The easiest way to find a room in a private shared flat is to look at the notice boards of each Department, where you will find lots of advertisements of other students who are looking for flat mates, as well as flats to rent.
